CONSULTANT TESTIMONY:

“To upgrade a much-loved building requires understanding its character and materials, and a creative approach that must often be self-effacing. The 1938 Chapel at Saint Thomas Episcopal Church was such project. Our renovated chapel retains all the feeling of its past and a condition that should serve for another 75 years, with the dedicated work of the Arkitex Studio recognizable only by those who were there at the time!”

CLIENT TESTIMONY:

“...Arkitex returned all forms of communication in a very timely manner. Our questions and concerns were addressed head-on. Explanations were given with simplicity such as why certain design specifics would not work for us, saving us from mistakes we might have made with another firm. As a result, time was not wasted by a lot of revisions. We absolutely LOVE our home. People just don’t believe us when we say that after living here 5.5 years there is absolutely nothing we would change about the design.”
